

DISINFECTANT WIPES

Elevate the Guest Experience by Adding Single Pack Surface Disinfectant Wipes to your Amenity Offering

Providing amenities that help guests feel at ease while away from home can alleviate uncertainty and foster a positive guest experience.

Guest safety is a top priority, and stringent cleaning, sanitizing and disinfecting protocols are an operational necessity. Despite knowing that robust behind-the-scenes procedures are in place, guests may still be apprehensive about unseen health risks.

Welcome your guests with individual PRO-SERIES® Disinfectant Wipes, which are designed to clean, sanitize, and disinfect hard non-porous surfaces. These alcohol- and bleach-free wipes are included on EPA List N disinfectants for use against SARS-CoV-2 (COVID-19).

Packaged in deluxe high-barrier pouches, these convenient single pack towelettes are sized extra large so that guests can thoroughly disinfect high-touch surfaces of individual concern.

Distinguish your property by adding PRO-SERIES Disinfectant Wipes to your amenities, showing customer appreciation and giving guests peace of mind.

MDI is a WBENC-certified WBE and we proudly make the PRO-SERIES line of critical cleaning and disinfecting wipes at our US-based, EPA-registered, state-of-the-art manufacturing facility under an ISO 9001:2015 certified Quality Management System.
